Background

Thailand International Mathematical Olympiad, TIMO is organized by Olympiad Champion Education Centre from Hong Kong, co-operated **UNIQUELY** with Tourism Authority of Thailand to promote Tourism in Thailand. The characteristic of TIMO is the integration between Creative Tourism and International Mathematical Olympiad. To bring oversea guests to travel around Thailand, with the strong support from Tourism Authority of Thailand, TIMO can serve students and guests with the best service.

Undoubtedly, TIMO is the **FIRST** and currently the only one International Mathematical Olympiad competition to provide **MOCK EXAM** before the final round exam. In order to warm up candidates to achieve the best result in the final round exam, throughout after Mock Exam, TIMO offers the most valuable opportunity for students to exchange their learning experience on learning Mathematical Olympiad. TIMO Team is welcomed all candidates to ask any constructive questions about Mock Exam to be taught in a smart thinking way.

Students' Sharing

Helpful coach taught students after Mock Exam

Sharing skills with TIMO student helpers

Even parents are involved to teach their child

Major Mathematical Olympiad competitions only focus 0.1% of elite Mathematics students. TIMO provides a Mathematics platform for ALL students with strong interests in Mathematics to participate. Different from other Mathematical Olympiad competition, the examination consists of standardized topics such as Logical Thinking, Arithmetic / Algebra, Number Theory, Geometry and Combinatorics. To stimulate and foster young people's interest in learning mathematics, to strengthen the ability of their creative thinking, to widen their international perspective, and to promote the development of kindergarten, primary and secondary education and exchange of educational cultures throughout countries.
